

# National Golf Links of America

## Position available: Summer Intern

### Educational requirements:

Currently enrolled in a Turfgrass Management or related program

### Job Description:

Will be involved in all aspects of daily golf course operations including course set-up, mowing practices, bunker maintenance, etc. Will also take part in fertilizer and pesticide applications (including calibrating and record keeping), irrigation (repair, hand watering), and disease/pest identification. Interns will work closely with assistants and superintendent to provide championship conditions on a daily basis.

### Benefits:

Housing, meals, uniforms, and golf privileges

### Comments:

Prior golf course experience beneficial but not required. Must be self-motivated and willing to work long hours, have great attention to detail and the ability to work well with other staff members. We are looking for individuals with a strong desire to be successful in the turf industry.
